What is the Homestead Exemption? The homestead exemption provides a reduction in property taxes to qualified senior or disabled citizens, or a surviving spouse, on the dwelling that is that individual's principal place of residence and up to one acre of land of which an eligible individual is an owner. The reduction is equal to the taxes that would otherwise be charged on up to \$26,200 of the market value of an eligible taxpayer's homestead.

What Your Signature Means: By signing the front of this form, you affirm under penalty of perjury that your statements on the form are true, accurate and complete to the best of your knowledge and belief and that you are authorizing the tax commissioner and the county auditor to review financial and tax information filed with the state. A conviction of willfully falsifying information on this application will result in the loss of the homestead exemption for a period of three years.

**Qualifications for the Homestead Exemption for Real Property** and Manufactured or Mobile Homes: To receive the homestead exemption you must be (1) at least 65 years of age during the year you first file, or be determined to have been permanently and totally disabled (see definition at right), or be a surviving spouse (see definition at right), and (2) own and have occupied your home as your principal place of residence on Jan. 1 of the year in which you file the application. For manufactured or mobile home owners, the dates apply to the year following the year in which you file the application. A person only has one principal place of residence; your principal place of residence determines, among other things, where you are registered to vote and where you declare residency for income tax purposes. You may be required to present evidence of age. If the property is being purchased under a land contract, is owned by a life estate or by a trust, or the applicant is the mortgagor of the property, you may be required to provide copies of any contracts, trust agreements, mortgages or other documents that identify the applicant's eligible ownership interest in the home.

If you are applying for homestead and did not qualify for the exemption for 2013 (2014 for manufactured homes), your total income cannot exceed the amount set by law. Beginning tax year 2020 for real property and tax year 2021 for manufactured homes,

"total income" is defined as "modified adjusted gross income," which is comprised of Ohio adjusted gross income plus any business income deducted on Schedule A, line 11 of your Ohio IT 1040. "Total Income" is that of the owner and the owner's spouse for the year preceding the year for which you are applying. If you do not file an Ohio income tax return, you will be asked to produce a federal income tax return for you and your spouse. If you do not file a federal income tax return, you will be asked to produce evidence of income and deductions allowable under Ohio law so that the auditor may estimate Ohio modified adjusted gross income.

**Current Application:** If you qualify for the homestead exemption for the first time this year (for real property) or for the first time next year (for manufactured or mobile homes), check the box for *Current Application* on the front of this form.

Late Application: If you also qualified for the homestead exemption for last year (for real property) or for this year (for manufactured or mobile homes) on the same property for which you are filing a current application, but you did not file a current application for that year, you may file a late application for the missed year by checking the late application box on the front of this form. You may only file a late application for the same property for which you are filing a current application.

**Definition of a Surviving Spouse:** An eligible surviving spouse must (1) be the surviving spouse of a person who was receiving the homestead exemption by reason of age or disability for the year in which the death occurred, and (2) must have been at least 59 years old on the date of the decedent's death.

**Permanent Disability:** Permanent and totally disabled means a person who has, on the first day of January of the year for which the homestead exemption is requested, some impairment of body or mind that makes him/her unfit to work at any substantially remunerative employment which he/she is reasonably able to perform and which will, with reasonable probability, continue for an indefinite period of at least 12 months without any present indication of recovery, or who has been certified as totally and permanently disabled by an eligible state or federal agency.

# Addendum to the Homestead Exemption Application for Senior Citizens, Disabled Persons and Surviving Spouses

In order to qualify an applicant for the homestead reduction, your county auditor is required to verify an applicant's modified adjusted gross income for the year prior to the year of application. Generally, the auditor is able to verify the modified adjusted gross income of the applicant and the applicant's spouse through use of the portal designed specifically for the county auditor or by a review of the tax return(s) of the applicant and the applicant's spouse for the year prior to the year of application.

You have received this form because the auditor has been unable to verify your income through a review of the portal or tax returns. So that the auditor may verify income, please complete the worksheet below. If you are married, the amounts must include income and deductions for both you and your spouse. The auditor will use the result for purposes of qualifying you for the Homestead Exemption. The estimate of income derived is not an indication of whether or not you or your spouse were required to file income tax returns.

## Please read this before you complete the front of this application.

**Note:** If married, amounts on each line must include total income and deductions from both you and your spouse.

#### Income

**Line 1:** Enter amounts from box 1 of your Form(s) W-2. Also enter gambling winnings reported in box 1 of your Form(s) W-2G.

**Line 2:** Enter your retirement income reported in box 2a of your Form(s) 1099-R. The amount in this box is the taxable amount.

Line 3: Enter your taxable interest income reported in box 1 of your Form(s) 1099-INT. Also enter your ordinary dividends reported in box 1a of your Form(s) 1099-DIV. Both of these amounts are taxable.

**Line 4:** Enter income from any other sources not included above (income reported on Form(s) 1099-MISC, self-employment income, business income). Do NOT include any Social Security benefits as they are not taxable in Ohio.

**Line 5:** If you have filed an Ohio Tax Return, enter previously deducted business income as reported on line 11 of Ohio Schedule A (from line 11 of Ohio IT BUS). If you did not file an Ohio tax return, enter any business income you received, including income that was reported or could be reported on Federal Schedules C, E and F.

#### **Deductions**

Line 7: Enter any military retirement income if both of the following are true: 1) The income is included in federal adjusted gross income; and 2) The income is related to your service in the uniformed services or reserve components thereof, or the National Guard. The term "uniformed services" includes the Army, Navy, Air Force, Marine Corps, Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, and the Public Health Service. If you filed an Ohio tax return, enter the amount from lines 26-30 of Ohio Schedule A.

Line 8: Enter disability and survivor's benefits to the extent included in federal adjusted gross income or that you included on line 2. To determine if amounts are disability or survivor's benefits, you should refer to the terms of the plan under which the benefits are paid. You may not deduct: 1) Temporary wage continuation payments; 2) Retirement benefits that converted from disability benefits upon reaching a minimum retirement age; OR 3) Payments for temporary illnesses or injuries (such as sick pay provided by an employer or third party). Additionally, any amounts payable without the death of a covered individual as a precondition are not survivor's benefits. If you filed an Ohio tax return, enter the amount from lines 33-36 of Ohio Schedule A.

Line 9: Enter your unreimbursed long-term care insurance premiums and unsubsidized health care insurance premiums. Unreimbursed long-term care insurance premiums are those that you pay during the calendar year on your own; a company, etc. is not paying you back. Medicare Part B is not a deduction because Social Security is not included as taxable income. Unsubsidized health care insurance premiums are those that are not partially paid by someone else such as an employer or a retirement plan. Also include on this line any out-of-pocket medical expenses you paid during the tax year and were not reimbursed to you. Some examples of qualifying expenses include costs for prescription medicine and insulin; hospital costs and nursing care; copayments for medical care; eyeglasses, hearing aids, braces, crutches and wheelchairs.

**Line 10:** Enter any contributions you made to an Ohio 529 (CollegeAdvantage) savings plan or any STABLE (Ohio ABLE) account.

## Addendum to the Homestead Exemption Application for Senior Citizens, Disabled Persons and Surviving Spouses

For applicants who have previously received the homestead exemption under R.C. 323.152(A)(2)(b).

Individuals who received the homestead exemption for tax year 2013 (2014 for manufactured and mobile homes) on any residence may continue to receive the homestead exemption on another residence within the state without meeting the income test currently required for the exemption, if a different residence otherwise meets the qualification of a homestead.

In order to assure that an applicant has previously received the homestead exemption for the aged or disabled, certain information must be made available to the county auditor.
